

Protective Eyewear & Face shields

Health Purchasing Victoria are seeking Australian manufacturers of plastic products and related fields to support production of protective eyewear and face shields.

SCOPE

We are looking for the following types of protective wear:

Face shields

- Protective shield across complete face

Eye protectors (safety glasses)

- Protective non-prescription glasses
- Can be single use or re-usable

SPECIFICATIONS

At a minimum, all products must meet the following standards:

Face shields

- AS/NZS 1336:2014
- Forehead to chin 22-25 cm ear to ear 33cm, disposable or reusable with disinfection wipe in between patients.
- Made from PETG which is anti-fog
- Elastic to secure around back of head, foam on forehead to create complete seal of forehead and for long wear comfort
- Ideally antibacterial.

Eye protectors (safety glasses)

- AS/NZS 1337.0.2014, AS/NZS 1337.1.2014
- Anti-fog coating

Note: Therapeutic Goods Administration (TGA) approval not required during COVID-19, recently exempt.
