

HPVITS2021-005 Hypodermic Needles & Syringes Category and Subcategory Changes

Current (HPVC2015-005)			New (HPVITS2021-005)	
Subcat No.	Product Subcategory Description	Updates	New Subcat No.	New Product Subcategory Description
Hypodermic Needles			Hypodermic Needles	
1.01	Hypodermic needle, non-safety		1.01	Hypodermic needle, non-safety
1.02	Hypodermic needle, safety		1.02	Hypodermic needle, safety
Blunt and Filter Needles			Blunt and Filter Needles	
2.01	Blunt needle		2.01	Blunt needle
2.02	Filter needle		2.02	Filter needle
Hypodermic Syringes			Hypodermic Syringes	
3.01	Hypodermic syringe, non-safety, luer slip, concentric		3.01	Hypodermic syringe, non-safety, luer slip, concentric
3.02	Hypodermic syringe, non-safety, luer slip, concentric, coloured barrel or plunger		3.02	Hypodermic syringe, non-safety, luer slip, concentric, coloured barrel or plunger
3.03	Hypodermic syringe, non-safety, luer slip, concentric, with integral needle	Move to 7.01	3.03	
3.04	Hypodermic syringe, non-safety, luer slip, eccentric		3.04	Hypodermic syringe, non-safety, luer slip, eccentric
3.05	Hypodermic syringe, non-safety, luer lock, concentric		3.05	Hypodermic syringe, non-safety, luer lock, concentric
3.06	Hypodermic syringe, non-safety, luer lock, concentric, coloured barrel or plunger		3.06	Hypodermic syringe, non-safety, luer lock, concentric, coloured barrel or plunger
3.07	Hypodermic syringe, safety, luer slip, concentric		3.07	Hypodermic syringe, safety, luer slip, concentric
3.08	Hypodermic syringe, safety, luer slip, concentric, with integral needle	Move to 7.03	3.08	
3.09	Hypodermic syringe, safety, luer lock, concentric		3.09	Hypodermic syringe, safety, luer lock, concentric
3.10	Hypodermic syringe, safety, luer lock, concentric, with integral needle	Move to 7.04	3.10	
Insulin Syringes with Integral Needle			Insulin Syringes with Integral Needle	
4.01	Insulin syringe with integral needle, non-safety		4.01	Insulin syringe with integral needle, non-safety
4.02	Insulin syringe with integral needle, safety		4.02	Insulin syringe with integral needle, safety
Catheter Tip Syringes			Catheter Tip Syringes	
5.01	Catheter tip syringe, straight tip		5.01	Catheter tip syringe, straight tip
5.02	Catheter tip syringe, curved tip		5.02	Catheter tip syringe, curved tip
Insulin Pen Needle			Insulin Pen Needle	
6.01	Insulin Pen Needle, safety		6.01	Insulin Pen Needle, safety
		New Sub-category	6.02	Insulin Pen Needle, accessories
		New Category	Hypodermic Needles & Syringes with Intergal Needle or Combo Pack with Syringe & Needle Separated	
	Previous 3.03		7.01	Hypodermic syringe, non-safety, luer slip, concentric, with integral needle
			7.02	Hypodermic syringe, non-safety, luer lock, concentric, with integral needle
	Previous 3.08		7.03	Hypodermic syringe, safety, luer slip, concentric, with integral needle
	Previous 3.10		7.04	Hypodermic syringe, safety, luer lock, concentric, with integral needle
			7.05	Combo pack: Hypodermic syringe, non-safety, luer slip, concentric, with needle separated
			7.06	Combo pack: Hypodermic syringe, non-safety, luer lock, concentric, with needle separated
			7.07	Combo pack: Hypodermic syringe, safety, luer slip, concentric, with needle separated
			7.08	Combo pack: Hypodermic syringe, safety, luer lock, concentric, with needle separated
		New Category	Hypodermic Syring with Fixed Needle, Colour Differentiated, for Needle and Syringe Program (NSP)	
			8.01	Hypodermic syringe with Fixed Needle, Colour Differentiated, 1mL, Whole Range, no greater than 13mm for Needle and Syringe Program (NSP)
