HealthShare Victoria(HSV)

Our purpose

- HSV is an independent public sector and commercially oriented supply chain, procurement and corporate services organisation.
- HSV partners with public health services and suppliers to deliver significant public health system benefits including consistent access to goods, improved quality of care and substantial savings, helping to deliver better healthcare for all.

Our core functions

- Manage a state-wide supply chain for medical consumables, including PPE
- Coordinate state-wide strategic procurement
- Deliver more efficient corporate services

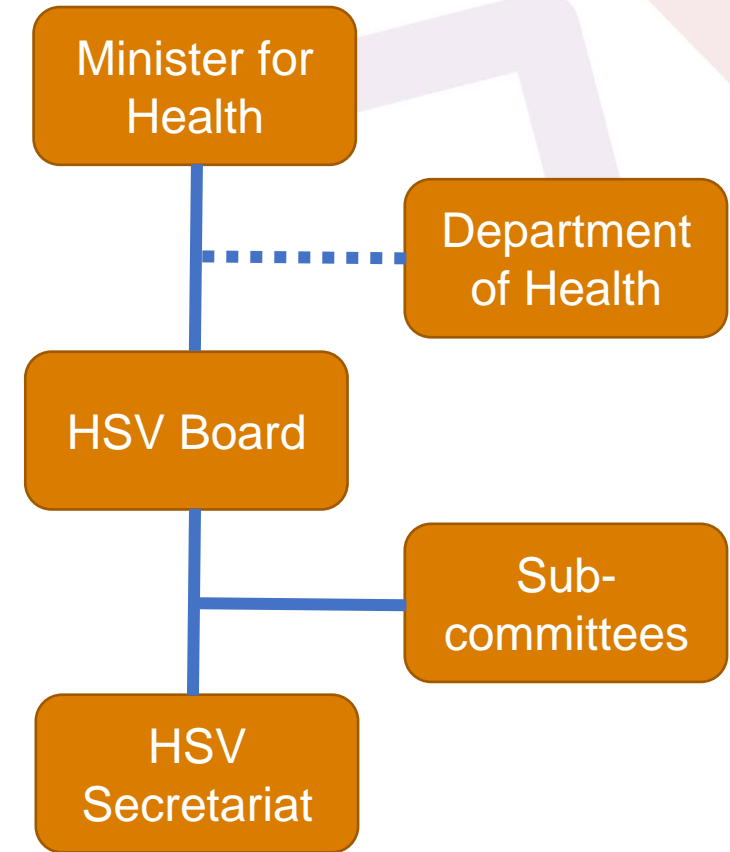

Our vision

- We help to deliver safe, affordable and sustainable healthcare.

HSV Organisation

- Independent statutory authority funded by the Department of Health
- Established on 1 January 2021, HSV brings the former Health Purchasing Victoria's existing functions and major supply chain assets under single management
- Receives legislative support to establish whole of health contracts
- Processes based on the Victorian Government Procurement Board's Strategic Sourcing Principles

Victorian health supplier's minimum standards

Australian Government
Department of Health
Therapeutic Goods Administration

- **Therapeutic Goods**
– TGA approved
- **GS1 data standards**
(National Product Catalogue(NPC)
contract compliance obligation)
- **Recall Health**
(contract compliance obligation)

Supplier Code of Conduct

The Victorian State Government is committed to ethical, sustainable and socially responsible procurement.

In ensuring that our suppliers maintain the same values as the Government, the State has established a [Supplier Code of Conduct](#).

The Code outlines minimum ethical standards in behaviour that suppliers will aspire to meet when conducting business with, or on behalf of, the State:

- A. integrity, ethics and conduct
- B. conflict of interest, gifts, benefits and hospitality
- C. corporate governance
- D. labour and human rights
- E. health and safety
- F. environmental management

It is a mandatory requirement that you understand and acknowledge commitment to the code, and ensure it is understood by related parties, contractors and sub-contractors if awarded.

Modern Slavery

The Australian Government is taking a global leadership role in combating modern slavery. The *Modern Slavery Act 2018* (Cth) established a national Modern Slavery Reporting Requirement, which applies to several health services.

To support health services in addressing the risks of modern slavery in their supply chains, HSV has introduced a new modern slavery clause into its agreements.

What you need to know

- The new clauses are designed to facilitate structured engagement on modern slavery.
- HSV aims to assist health services to work collaboratively with suppliers to address modern slavery risks in health service supply chains.

Invitation to Supply (ITS)

ITS Objectives

- Achieve Best Value for Money
- To source for innovative and better-quality products for this contract
- Create efficiency in tendering and category management through use of the National Product Catalogue
- Transparent and efficient bidding process
- Develop supplier relationship management

Scope

Coverage:

The scope includes Hypodermic Needles & Syringes used in a majority of clinical settings

Term:

4-year principal period with a 2-year option (4+2)

Pricing Structure:

Fixed based pricing with volume pricing

Award:

- Put your best base price forward. The evaluation committee will only see the base UOM (e.g the box or carton) for evaluating value for money.
- HSV reserves the right to enter direct negotiations with suppliers

Tender Response Worksheet (TRW) Demonstration

Tender Response Worksheet (TRW)

- The TRW is used to collect detailed data on the products tendered, including price and supplier/distributor data. **The TRW has changed since the last tender**
- Data will be used to evaluate your products. – If your data is wrong or incomplete **your product may be (inadvertently or consciously) not awarded**
- Data may ultimately feed into Pricing Schedules, the Common Catalogue, EDI (purchasing systems), WMS etc. **Its not just for clinicians**
- **Processes in HSV and Health are becoming more automated** – If your data is incorrect, ultimately it will be harder for your customers to find, use, understand and buy your products!

Tender Response Worksheet (TRW)

Instructions for completion

- Complete **all** requested information
 - Mandatory data missing = Product won't be awarded
- If a product could be tendered in more than one sub category, tender it once only in the most appropriate sub category
- The "Commercial" and "Clinical" tabs are linked for each Category by the "Auto populated" (Grey) Cells. Do not override or delete these formulas
- To add rows (if >500 products per category) ensure that rows are added to both the "Commercial" and "Clinical" tabs & all formulas "fill down". Contact HPV if required
- Do not add or delete columns, or individual cells, this may create unforeseen issues with the "Auto populated" cells for that category
- Provide responses in the requested format (and units if applicable)

Data Integrity in TRW

Poor quality information will be returned for correction (or product not awarded)

- Human and machine understandable descriptions i.e. it must be easier for non-specialists to interpret e.g.
- No (or very limited) abbreviations, especially if not common or ambiguous to a non-expert (Don't write N/S for non-sterile, Sz for size, Disp for disposable, similarly L/LG/LRG may not appear in a search for "Large")
- Give appropriate units where required: Don't write 100x5; Use 100mm x 5mm.
- If sizing is not standardised among suppliers, consider adding dimensions or a more standardised sizing measure as well
- Avoid using Brand names, ®, ™, and company specific jargon unless required. Add standard terminology if jargon may not be understood by non expert
- All components of Kits must be listed
- Ordering part numbers & descriptions must be complete and unique*

Data Integrity in TRW

Poor quality information will be returned for correction (or product not awarded)

- The UNSPSC must be given to at least Level 3 (preferably L4) (L3 = 42xxxx00)
- The ARTG must have a number or be listed as "EXEMPT" (TBC/TBA = non award)
- UOM descriptor must be reflective of the standardised GS1 Packaging Type descriptor (e.g. 'carton' not 'sleeve')
- Country of Manufacture must be populated and reflective of GS1 code lists (e.g. 1: Australia, not Aust, not Victoria
e.g. 2: United States, not USA or America or Iowa)
- Use S.I. Avoid mixing units and imperial measurements

ITS Submission

- Tender submissions shall comply with the following:
- Tenders shall be completed electronically and uploaded online via the **HSV Procurement Portal**
- Submit early –you can overwrite your information up to the time of closing. Your response is secure by the portal system and HSV can only open everyone responses after tender closes.
- Late tenders will cause delay to everyone and in most cases will not be accepted. It may only be accepted under strict late tender clause of the ITS conditions and adequate supporting evidence.

1. Qualification Response (questions: 120)

1.1 READ ME FIRST - SUPPLIER'S TIPS FOR COMPLETING YOUR RESPONSE - Question Section

Note	Note Details
1.1.1 Requirement Attachment	Please note that we have uploaded attachments in the technical envelope. Companies must download these documents and consider the details before they complete their response
1.1.2 Note:	USE THE ONLINE 'HELP FOR RESPONDENTS' FUNCTION - The content is designed to explain the eSourcing platform in business terms, allowing you to quickly understand the features and benefits of the software.
1.1.3 Note:	SAVE REGULARLY - For security reasons your access to the portal will 'time out' if inactive for 15 minutes if you do not click "save" within this time. Failure to do so means you risk losing your work. This is to maintain security and tender integrity and cannot be changed. NOTE: typing does not mean you are active on the portal!
1.1.4 Note:	Please ensure that 'pop ups' are NOT blocked on your browser. Should you be inactive for 15 minutes, the portal will notify you through a 'pop up'. It is vital that that you are able to see this in order to click the 'Refresh' link in this 'pop up' so you are not disconnected from the portal and lose any unsaved information.
1.1.5 Note:	DO NOT leave your response until the last minute/hours before the deadline (if you experience connection problems you will miss the deadline. Always upload generic information early to avoid last minute time pressure).
1.1.6 Note:	Please SUBMIT your RESPONSE when completed. This will submit your response to the buyer. FAILURE TO DO THIS WILL RESULT IN YOUR BID NOT BEING VISIBLE TO THE BUYER. The 'SUBMIT RESPONSE' button can be found at the top centre of the screen.
1.1.7 Note:	If the Buyer makes any changes to the settings and questions area of a live/running tender, suppliers MUST re-publish their response - this is to ensure that changes are brought to your attention - you may receive a message prompt from the Buyer - generally this will not mean re-entering information.
1.1.8 Note:	Whilst the portal allows for large individual attachment sizes (max 50Mb at a time), we recommend that you keep attachments to a manageable size (5Mb) to ensure ease & speed of access. Only attach documents that the Buyer has requested and make sure that you attach them in the correct area.

Make sure you save regularly. If you are inactive on the site for more than 15 minutes you will need to sign in again and any unsaved data will be lost.

Tips for Responding

- Make sure that you read and digest all documentation thoroughly and make note of key actions and deadlines
- Utilise the appropriate people and subject matter expert within your organisation. Multiple users can work on the submission. However, when submitting, only one user should be logged on to ensure the latest data is submitted and to avoid a concurrency error.
- Nominate a key person or coordinator for this ITS and its final submission.
- Do not assume your company is known or well known by the evaluators – provide all requested information
- Do not use acronyms or abbreviations
- Do not cross-refer to other questions or answers in your responses. Avoid using attachment to answer questions, use the space provided
- Remember to save regularly
- If you have a slow internet connection and the size of the response is in excess of 10mb, your session could time out while trying to upload the response
- Check all questions on every tab on worksheets are answered.
- Submit early – you can overwrite your information up to the time of closing.
- All mandatory questions * must be answered. If answer is an attachment, please attached what is required or attached a note to explain.
- **Do not be late- Late tenders may only be accepted under the late tenders clause of the ITS conditions**
- Call the Jaggaer helpdesk for technical assistance and guidance, tel (02) 8072 0644
