RFQ Open to All Suppliers

To populate the content of your tender response, click on 'Create Response'

The screenshot shows a web interface for a tender response. At the top, there is a navigation bar with a 'Back to List' link. Below this, the tender details are displayed: 'RFQ: rfq_95 - Tender Briefing - Surgical Gloves Test ITS' with a status of 'Running'. Project information includes 'Project: tender_133 - Tender Briefing - Surgical Gloves Test ITS' and 'Closing Date: 14/03/2016 14:00:00'. A warning message states: 'Warning: You have 1 unread Buyer Attachment(s). Please click here to read the file(s) before submitting your response.' Below the warning, there are tabs for 'RFQ Details', 'Messages (Unread 0)', 'Settings', 'Buyer Attachments (1)', 'My Response', and 'User Rights'. A 'View Response Index Only' link is also present. The 'Create Response' button is highlighted with a red circle. Below the navigation, the '1. Qualification Response (questions: 120)' section is expanded, showing a table of notes.

Note	Note Details
1.1.1 Requirement Attachment	Please note that we have uploaded attachments in the technical envelope. Companies must download these documents and consider the details before they complete their response
1.1.2 Note:	USE THE ONLINE 'HELP FOR RESPONDENTS' FUNCTION - The content is designed to explain the eSourcing platform in business terms, allowing you to quickly understand the features and benefits of the software.
1.1.3 Note:	SAVE REGULARLY - For security reasons your access to the portal will 'time out' if inactive for 15 minutes. If you do not click "save" within this time, failure to do so means you risk losing your work. This is to maintain security and tender integrity and cannot be changed. NOTE: typing does not mean you are active on the portal!
1.1.4 Note:	Please ensure that 'pop ups' are NOT blocked on your browser. Should you be inactive for 15 minutes, the portal will notify you through a 'pop up'. It is vital that you are able to see this in order to click the 'Refresh' link in this 'pop up' so you are not disconnected from the portal and lose any unsaved information.
1.1.5 Note:	DO NOT leave your response until the last minute/hours before the deadline (if you experience connection problems you will miss the deadline. Always upload generic information early to avoid last minute time pressure).
1.1.6 Note:	Please SUBMIT your RESPONSE when completed. This will submit your response to the buyer. FAILURE TO DO THIS WILL RESULT IN YOUR BID NOT BEING VISIBLE TO THE BUYER. The 'SUBMIT RESPONSE' button can be found at the top centre of the screen.
1.1.7 Note:	If the Buyer makes any changes to the settings and questions area of a live/running tender, suppliers MUST re-publish their response - this is to ensure that changes are brought to your attention - you may receive a message prompt from the Buyer - generally this will not mean re-entering information.
1.1.8 Note:	Whilst the portal allows for large individual attachment sizes (max 50Mb at a time), we recommend that you keep attachments to a manageable size (5Mb) to ensure ease & speed of access. Only attach documents that the Buyer has requested and make sure that you attach them in the correct area.

SAVE REGULARLY.

If you are inactive on the site for more than 15 minutes you will need to sign in again and any unsaved data will be lost.

Tips for Responding

- Provide all requested information at time of tender
- Do not use acronyms or abbreviations
- Do not cross-reference to other questions or answers in your responses
- Remember to save regularly
- Submit early – you can overwrite your information up to the time of closing.
- Recommended that only one user be logged on at one time to work on a tender submission.
